

Prison camps as recognised
under the Article 2 Agreement
with the Jewish Claims Conference (JCC)

1.

Concentration camps

Pursuant to the 6th Implementing Regulation to the Federal Compensation Act

Source:

Federal Law Gazette I, 1977, p. 1786-1852 and Federal Law Gazette I, 1982, p. 1572-1579.

For the prison camps listed below, it is necessary to determine on a case-by-case basis whether imprisonment took place on German orders under conditions comparable to those in a concentration camp.

The list is not exhaustive or legally binding. It is continually updated as a result of current historical research and thus may be subject to changes, in particular the addition of information.

The decision to make an application should be taken independently of whether the prison camp is mentioned in this list.

Recognition here does not extend to other regulations or programmes.

2.
